Julia Keleher, PhD
Secretary
Puerto Rico Department of Education
Re: PRDE OSIAT-2018-002

Dear secretary Keleher,

First, we would like to recognize the outstanding job you and your staff have provided the Department of Education and the people of Puerto Rico since your appointment.

Sesco Technology Solutions has been in business for over 20 years providing technology solutions to the government of Puerto Rico. Our experience and knowledge in the public sector have been proven over and over with many successful implementations and future proof technology from world class manufacturers. With over \$30 million dollars in government contracts, we guarantee that our company will exceed the Department of Education expectations in this project. Our company's earnings stay in the island and get reinvested in our people and economy for local growth. We are a 100% Puerto Rican company that has faced the ups and downs of the economy and has managed to stay up and running through all adversities. We have many strategic alliances with partners that support our company financially and complement our team with their expertise. Our staff of professionals and certified technicians have the experience to deliver in every single project we implement with complete satisfaction to our customers and a long-term relationship to secure the continuity of the investment made by the government of Puerto Rico.

Sesco Technology Solutions is committed to provide all the services described in the proposal and will agree to enter into a written contract with the Department for the proposed equipment and services, if selected.

We look forward to continuing our business relationship with the Department of Education and provide our teachers and students, with the best possible technology solutions that will help them be prepared for the future.
