Evaluation Committee of
Puerto Rico Department of Education

Dear Committee,

After a carefully examining of the Invitation for Oral Presentation, Evertec Group, LLC present the following questions:

1. The Device Presentation Content section mentions the following, 'Proposers should present details on their recommended per site inventory quantities and elaborate on pricing for inventory devices and how costs have been calculated in their proposal'. Can the PRDE Evaluation Committee please provide additional detail in regard to what 'recommended per site inventory quantities' refers to?
2. At this time, we have most of the demo devices on hand except for one device. We are in the process of acquiring the last device for the day of the presentation. If the remaining device is not ready for the presentation date, we will provide it as soon as possible after the presentation date.
3. Is there a limit to the number of participants we can include in the presentation meeting?

Thank you once again for the opportunity and the time devoted to the evaluation of our proposal, we look forward to serving Puerto Rico Department of Education in this endeavor.

Sincerely,

Carlos J. Ramírez
Executive Vice President
