To: OSIATD Proposal <osiatdproposal@de.pr.gov>;

Greetings,

Our questions for RFP PRDE-OSIATD-2018-002 are the followings

1. Is it possible to make collaborative alliances with other institutions for category 2?
2. Is there an established budget model?
3. Is there an establish budget for professional development of each educator?
4. How do you manage the 15 additional points for participating in the three categories?
5. The selected provider will have access to the manuals of the equipment acquired under category 1?
6. Is it expected to perform an initial assessment of technological infrastructure under category 2?
7. Will the DEPR be providing information about platforms acquired on each school?

Thanks in advance,

**Karen Mena Cabrera**
