THE SUPER CIRCULAR – “OMNI CIRCULAR”

THE ONE-STOP SHOP FOR FEDERAL ASSISTANCE JUNE 11 - 12, 2014

Presented by
Michael Brustein, Esq.
mbrustein@bruman.com
Brustein & Manasevit, PLLC
www.bruman.com

Key Dates:

- Feb 1, 2013 → NPRM
- Dec 19, 2013 → Final
- Dec 26, 2013 → Federal Register
- April 2014 → New OMB Compliance Supplement
- June 26, 2014 → ED Draft EDGAR Changes
- Dec 26, 2014 → Final EDGAR Published

Date of Applicability of Revised Rules

- OMB stated on 12/20/13 → All Drawdowns, after December 26, 2014

???

What is covered?

④

- A-102 – Administrative Rules State / Local – Part 80 – EDGAR
- A-110 – Administrative Rules Postsecondary – Part 74 – EDGAR
- A-87 – Cost Rules – State / Local
- A-21 – Cost Rules – Rules – Postsecondary
- A-122 – Cost Rules – Nonprofit
- A-133 – Audit Rules (>\$750,000)

Who is covered?

⑤

- All “nonfederal entities” expending federal awards

Reasons for the Change?

⑥

1. Simplicity
2. Consistency
3. Obama Executive Order on Regulatory Review
 - Increase Efficiency
 - Strengthen Oversight

Who crafted the changes?

7

- “COFAR”
 - Council on Financial Assistance Reform, and Key Stakeholders
 - www.cfo.gov/cofar

Inconsistency Between Program Statute and Circular

8

- If Perkins differs from Omni Circular, then Perkins governs.

Most Significant Change

9

- Shift from focus on *Compliance* to focus on **PERFORMANCE!!!**

Performance

10

- Auditors (A-133 + Federal OIG) and Monitors (Federal and State Pass Through) must look more to “outcomes” than to “process”

Flexibility

11

- The “Omni Circular” adds significant flexibility to way grantee / subgrantee can adopt their own processes

Structure of Omni-Circular (p. 78608)

12

2 CFR PART 200

(p. 78608)

13

- Subpart A – Definitions
- Subpart B – General Provisions
- Subpart C – Pre Award Requirements
- Subpart D – Post Award Requirements
- Subpart E – Cost Principles
- Subpart F – Audit Requirments

Key Definitions

14

- Cognizant Agency for Audit 200.18 (78611)
- Cognizant Agency for Indirect 200.19 (78611)
- Computing Devices 200.20 (78612)
- Cooperative Audit Resolution 200.25 (78612)
- Cost Objective 200.28 (78612)

15

- Internal Control Over Compliance 200.52 (78615)
- Major Program 200.65 (78615)
- Micro Purchase 200.67 (78615)
- Modified Total Direct Cost 200.68 (78615)
- Non-Federal Entity 200.69 (78615)

16

- **Effective Date**
 - 200.110 (78621)

17

- **Conflict of Interest**
 - 200.112 (78621)

18

- **Mandatory Disclosures**
 - 200.113 (78621)

Financial Management Controls

The Key Component to Federal Grants

Quick Overview of Major Themes:

20

1. Performance Metrics
2. Risk Management
3. Augmented Pass-Through Responsibilities
4. Emphasis on Immediate Corrective Action
5. Cooperative Audit Resolution

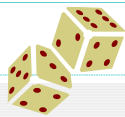

WHY??

21

All oversight will examine financial management controls:

- 1) OIG Audit
- 2) Single Audit
- 3) Federal Program Monitoring
- 4) "Pass Through" Monitoring

22

- New Risk Assessment Will be Based on Financial Management Controls

23

- The more attention paid to financial management controls, fewer headaches down the road!!!

Crosswork Between 34 CFR 80.20 (b) and CFR 200.302(b)

24

34 CFR 80.20 (b)

1. Financial Reporting
2. Accounting Records
3. Internal Control
4. Budget Control
5. Allowable Cost
6. Source Documentation
7. Cash Management

2 CFR 200.302 (b)

1. Identification of Awards
2. Financial Reporting
3. Accounting Records (Source Docs)
4. Internal Control
5. Budget Control
6. Written Cash Management Procedures
7. Written Allowability Procedures

1) Identification of Awards (New)

25

- All federal “awards” received and expended
- The name of the federal “program”
- Identification # of award
 - CFDA Title and Number
 - Federal Award I.D. #
 - Fiscal Year of Award
 - Federal Agency
 - Pass-Through (If S/A)

2) Financial Reporting

26

- New shift to OMB approved performance metrics

2) Financial Reporting (cont.)

27

- Accurate, current, complete disclosure of financial results of each award
- (Old) in accord with the financial reporting requirements of the grant
- (New) in accord with 200.327 and 200.328
- 200.327 – Federal awarding agency can only collect OMB approved data elements, no less than annually, no more than quarterly
- 200.328 – Non federal entity must submit performance reports at intervals required by federal agency or pass through. Annual performance reports due 90 days after reporting period; Quarterly performance reports due 30 days after reporting period

2) Financial Reporting (cont.)

28

- Performance Metrics:
 1. Compare actual accomplishments to objectives. (quantify to extent possible)
 2. Reasons goals were not met if appropriate
 3. Additional pertinent information (e.g. analysis and explanation of cost overruns, high unit costs)

2) Financial Reporting (cont.)

29

4. Significant developments
 - a. Problems, delays. Adverse conditions that would impair ability to meet objective of the award
 - b. Favorable developments. Finishing sooner or at less cost

2) Financial Reporting (Cont.)

30

- OMB Allows ED to waive “performance metrics” not required.
- ↓
- How will ED reconcile performance metrics with accountability / performance indicators of ESEA, IDEA, CTE, AEFLA

3) Accounting Records (Source Documentation)

31

- Combines 80.20 (b)(2) and 80.20 (b)(6)
- **Source Documentation on:**
 1. Federal Awards
 2. Authorizations
 3. Obligations
 4. Unobligated balances
 5. Assets
 6. Expenditures
 7. Income
 8. Interest (New)
- **Eliminated** → liabilities

4) Internal Control

32

- Essentially same as 80.20 (b) (3)
- **Effective control over and accountability for:**
 1. All funds
 2. Property
 3. Other assets
- **Must adequately safeguard all assets**
- **Use assets solely for authorized purpose**

4) Internal Control 200.303 (cont.)

33

- Cross reference 200.303 (New)
- **Internal controls “should” be in compliance with Comptroller General’s “Standard for Internal Control Integrated Framework” and “Internal Control Integrated Framework” issued by the Committee of Sponsoring Organizations of the Treadway Commission (see attachment)**

4) Internal Control 200.303 (cont.)

34

- Comply with federal statutes, regs, terms of the award
- Evaluate and monitor compliance
- Take prompt action when instances of noncompliance are identified
- Safeguard protected personally identifiable information

5) Budget Control

35

- Same as 80.20 (b)(4)
- Comparison of expenditures with budget amounts for each award

6) Written Cash Management Procedures (New)

36

- Written Procedures to implement the requirements of 200.305

6) Written Cash Management Procedures (cont.)

37

- For states, payments are governed by Treasury – State CMIA agreements 31 CFR Part 205
- No Change

6) Written Cash Management Procedures (cont.)

38

- For all other non federal entities, payments must minimize time elapsing between draw from G-5 and disbursement (not obligation)

6) Written Cash Management Procedures (cont.)

39

- Written procedures must describe whether non-federal entity uses:
 - 1) Advance Payments (preferred)
 - Limited to minimum amounts needed to meet immediate cash needs
 - 2) Reimbursement
 - Pass through must make payment within 30 calendar days after receipt of the billing
 - 3) Working Capital Advance
 - The pass through determines that the nonfederal entity lacks sufficient working capital. ➡ Allows advance payment to cover estimated disbursement needs for initial period

6) Written Cash Management Procedures (cont.)

40

- Non federal entity must use existing resources before requesting an advance: program income, refunds, rebates, interest earned

6) Written Cash Management Procedures (cont.)

41

- Payments must not be withheld from nonfederal entities unless finding of noncompliance debt to the U.S., or nonfederal entity is withholding payment to a vendor to assure satisfactory completion of work

6) Written Cash Management Procedures (cont.)

42

- Advances must be maintained in insured accounts
- Pass through cannot require separate depository accounts
- Accounts must be interest bearing unless:
 1. Aggregate federal awards under \$120,000
 2. Account not expected to earn in excess of \$500 per year
 3. Bank require minimum balance so high, that such account not feasible

6) Written Cash Management Procedures (cont.)

43

- Interest earned must be remitted annually to HHS
- Interest amounts up to \$500 may be retained by non federal entity for administrative purposes

7) Written Allowability Procedures (New)

44

- Written procedures for determining allowability of costs in accord with Subpart E – Cost Principles (see p. 78639 – 78662)

7) Written Allowability Procedures (Cont.)

45

- Not a restatement of Subpart E
- But a GPS through grant development and budget process
- Training tool for employees

46

- **Internal Controls**
 - 200.303 (78625)

47

- **Payment**
 - 200.305 (78625)

48

- **Program Income**
 - 200.307 (78627)

49

- **Revision of Budget and Program Plans**

- 200.308 (78628)

50

- **Period of Performance**

- 200.309 (78629)

51

- **Insurance Coverage**

- 200.311 (78629)

- ✦ Compare to 34 CFR 76.708

52

• **Equipment**

○ 200.313 (78629)

53

• **Supplies**

○ 200.314 (78630)

Procurement (78631)

54

- By states 200.317
- General Procurement Standards 200.318
- Competition 200.319
- Methods of Procurement 200.320
- Cost and Price 200.323

• Contract vs. Grant 200.330

Pass-Through Agency Responsibilities

Show me the money!!!

58
What was COFAR Thinking?

59
If A-133 cost and S/A costs come from the same pot of fund, perhaps SEAs will do a better job

60
Will pass-through agencies embrace "performance metrics" more effectively?

61

- A pass-through entity means a non-federal entity that provides a subaward to a subrecipient to carry out part of a federal program.

-200.74

(e.g. ESEA, IDEA, CTE, AEFLA)

62

- Under EDGAR / A-102, pass through responsibilities primarily described in 34 CFR 80.40 – Monitoring of Subgrantees
- (Note – Part 76* on S/A programs will not change significantly)

*And Part 75

63

- But OMB / COFAR shifted many new responsibilities to the pass-through, over and above 80.40

64

- Omni Circular NPRM (February 1, 2013) proposed reduction of the number of types of compliance requirements in the compliance supplement

65

- Many pass-throughs opposed this reduction because of burden on them. OMB punted p. 78608 →

Monitoring Responsibilities of the Pass-Through ~~200.328~~ → 34 CFR 80.40

- Non federal entity is responsible for oversight of the operations of the federally supported activities

Measuring Performance → "Performance Metrics" 200.328(b)

67

- The non federal entity must submit the performance metrics to the pass-through
 - ✦ 200.32(b)

The Big Question

68

- How will ED (OESE, OSERS, OPE, OCTAE) reconcile the OMB required performance metrics with the current statutory / regulatory performance / accountability indicators?

69

- In many instances OMB performance metrics are more detailed

**Specific Requirements for Pass-Through
(200.331)**

70

- Ensure that every subaward contains the following information relating to federal award identification:
 1. Subrecipient name (must match registered name in DUNS)
 2. Subrecipient DUNS # (Data Universal Numbering System)
 3. Federal Award Identification Number (FAIN)
 4. Federal Award Date

**Specific Requirements for Pass-Through
(200.331) (cont.)**

71

5. Period of performance start and end date
6. "Amount of federal funds "obligated" by this action"??
7. "Total amount of Federal funds "obligated" to the subrecipient" ??
8. "Total amount of the federal award"

**Specific Requirements for Pass-Through
(200.331) (cont.)**

72

9. Federal award project description for FFATA purposes
10. Name of federal awarding agency, pass-through agency, and contact official
11. Is the award for "research and development" ?
12. The indirect cost rate (restricted vs. unrestricted)

73

- The pass-through must reference the requirements of the federal grant and any additional requirements imposed by the pass-through (i.e. state-administered programs)

(Incorporate by reference)

Compare 200.331(a)(1)(xiii) to 200.331(a)(4) on indirect costs

74

- What is the relevance of the approved federally recognized indirect cost rate in state-administered programs with a non supplant provision?
- Must pass-through negotiate restricted rates, and must sub-grantees use them?

75

- Pass through must seek an assurance from subgrantees that access will be provided to records and financial statements

New Risk management Requirements for Pass-Throughs

76

77

- Pass-through must evaluate each subrecipient's risk of non compliance (federal statute / regulations / terms of award) for purpose of monitoring

200.331

78

- Risk Factors:
 1. Subrecipient's prior experience with the grant program
 2. Results of previous audits
 3. New personnel or substantially changed systems
 4. Results of federal monitoring

200.331

79

- Pass-through may impose conditions on subgrant based on risk assessment:
 1. Shift to reimbursement
 2. Withhold payments until evidence of acceptable performance
 3. Require more reporting
 4. Require additional monitoring
 5. Require additional technical or management assistance
 6. Establish additional prior approvals

200.331

80

- Pass-through must monitor its subrecipients to assure compliance and performance goals are achieved

200.331

81

- Monitoring must include:
 1. Review financial and programmatic reports
 2. Ensure corrective action
 3. Issue a "management decision" on audit findings if the award is from the pass-through

200.331

82

• Types of monitoring tools (depending on risk assessment)

1. Providing training and technical assistance
2. On-site reviews
3. Arranging for "agreed upon procedures" (less than \$750,000)

200.331

83

• Pass-through must verify all subrecipients (> \$750,000) have single audits

200.331

84

• Pass-through must adjust its own financial records based on audits, monitoring, on-site reviews

200.331

85

- Pass-through must consider taking enforcement action based on non compliance:
 1. Temporarily withhold cash payments pending correction
 2. Disallow all or part of the cost
 3. Wholly or partly suspend the award
 4. Recommend to federal awarding agency suspension / debarment
 5. Withhold further federal awards
 6. Other remedies that may be legally available

200.339

86

- The pass-through may terminate the award for "cause", notice and opportunity for hearing (200.340 and 200.341)
